PLATFORM

The European Union is a unique opportunity for citizens, students and workers to seek opportunities for personal and professional growth in the Single Market. Every day hundreds of opportunities for learning and working mobility are made available to Europeans through various information sources and operational resources that are accessible in various language versions.

EURES, the Job Mobility Platform of the European Union is the gateway to employment, placement, mobility and learning opportunities throughout Europe

PLOTEUS is the European portal that allows to identify learning opportunities, work based learning and qualifications across Europe. Also, PLOTEUS is the gateway to the EU28 national counselling systems, offering the unique opportunities to consult directly and in real time career and educational counsellors in other European countries

These and more resources are available on the RECREATE Platform where both counsellors and clients can access a variety of Career Guidance Tools: Self-Assessment Tests (Perception of Myself, Job Orientation, Self-presentation), Basic Skills Quizzes (Communication, Sense of Initiative, Social Competency, Numeracy and Literacy).

RECREATE is a European project bringing together 7 partners from 6 countries to create synergy among the various operators of the career counselling ecosystem.
